The Legend of the DOGWOOD

There is a legend, that at the time of the Crucifixion the dogwood had been the size of the oak and other forest trees. So firm and strong was the tree that it was chosen as the timber for the cross. To be used thus for such a cruel purpose greatly distressed the tree, and Jesus, nailed upon it, sensed this, and in His gentle pity for all sorrow and suffering said to it:

"Because of your regret and pity for My suffering, never again shall the dogwood tree grow large enough to be used as a cross. Henceforth it shall be slender and bent and twisted and its blossoms shall be in the form of a cross . . . two long and two short petals. And in the center of the outer edge of each petal there will be nail prints, brown with rust and stained with red, and in the center of the flower will be a crown of thorns, and all who see it will remember . . . that it was upon a dogwood tree I was crucified and this tree shall not be mutilated or destroyed, but cherished as a reminder of My death upon the cross."

See planting instructions of DOGWOOD on
inside of back cover.

To The Wholesale Trade

It is a pleasure to mail you this copy of our Wholesale Trade List.

We grow the stock we offer and strive to produce Quality Nursery Stock that will please. Visitors are always welcome. We extend to you a cordial invitation to visit us at your convenience.

Again we express our sincere appreciation for the business you have favored us with in past seasons and say as ever, our aim is to merit your continued patronage.

Sincerely yours,

TENNESSEE VALLEY NURSERY

Terms and Conditions of Sale

This list cancels all previous quotations

PRICES—All prices are f.o.b. Winchester, Tennessee. **Boxing or Baling** are extra, at cost, on less than carload and truck load shipments. No charge for packing car or truck loads. Prices are subject to change without notice.

TERMS—To those of **established credit**, we offer **2% discount 10 days, 30 days net from date of invoice**. Cash, security or satisfactory references are required from unknown parties. Where cash accompanies order, packing is free. **C. O. D. Orders** must be accompanied by at least 25% of purchase price. 6% interest charged on past due accounts.

CLAIMS—All claims must be made within ten days after receipt of stock.

SHIPPING INSTRUCTIONS—Please give shipping instructions whether via parcel post, freight, express or truck, and routing. If no instructions are given, we will ship to the best of our judgment without assuming responsibility.

PARCEL POST ORDERS—Must include sufficient funds to cover postage. Any balance will be refunded.

SAMPLES—Are shipped at the 10 rate. We do not ship B&B stock crated or boxed by common carrier.

OUR STOCK—Is graded according to the horticultural standards adopted by the American Association of Nurserymen.

SEASON—Normally our digging and shipping season extends from October 1 to April 15. Shipment of Bare Rooted stock recommended from November 1 to March 15.

GUARANTEE—We accept all orders subject to crop conditions and we reserve the right to cancel a portion of the stock, or all thereof, should injury befall our stock from hail, windstorm, frost, other weather conditions, error in count, insect and disease injury, or other natural causes beyond our control. We are careful to keep our varieties true to name and will replace any portion of the stock that may prove otherwise, or refund the price paid for such portions. It is agreed that the original price shall be the maximum damages the purchaser is entitled to.

TRANSPORTATION RISKS—Our stock is packed with the greatest of care; therefore, **our responsibility ends upon delivery in good order to carrier**. All stock travels at the purchaser's risk and expense.

TRUCK DELIVERY—Available in full loads. Some are insulated. Average charge is 40-45 cents per mile one way.

**LIGUSTRUM lucidum macrophyllum — Wax
Leafed Privet**

Hardest of the wax leafed privets. Withstands winters as far north as Washington, D. C.

18-24" B & B	1.25	1.00
2- 3' B & B	1.75	1.50
3- 3½' B & B	2.25	2.00

sinensis pendula—Weeping Chinese Privet

This is a weeping form of the popular Chinese privet. Evergreen, developing into a fountain like mass of greenery. One of the best privets for hedges.

2- 3' B & B	1.50	1.25
3- 4' B & B	2.00	1.75

MAGNOLIA grandiflora

Southern Magnolia

The most popular evergreen tree of the South. Big, glossy green leaves and large, creamy white fragrant blossoms.

2- 3' B & B	2.25	2.00
3- 4' B & B	3.25	3.00
4- 5' B & B	4.25	4.00
5- 6' B & B	5.25	5.00
6- 8' B & B	7.50	—

glauca (virginiana)

Sweetbay M.

Shrub or tree, semi-evergreen in the South. Oblong leaves three inches across. White fragrant flowers.

2- 3' B & B	2.25	2.00
3- 4' B & B	3.25	3.00

MAHONIA pinnata (fascicularis) Cluster M

Much more attractive than Mahonia aquifolium. Foliage is similar except for a bright blue cast on mature leaves and bright red new growth throughout the Summer. Will grow in full sun, keeping foliage to the ground. Makes a compact shrub about 4 feet high.

	Each Per 10	Each Per 100
15-18" B & B	\$2.75	\$2.50
18-24" B & B	3.25	3.00
24-30" B & B	4.25	4.00

BROADLEAF EVERGREENS—Continued

NANDINA domestica

Nandina

Semi-evergreen shrub. Leaves turn crimson in Fall, which is a beautiful background for the clusters of red berries.

	Each Per 10	Each Per 100
15-18" B & B	\$1.25	\$1.00
18-24" B & B	1.50	1.25
24-30" B & B	1.75	1.50
30-36" B & B	2.25	2.00

Magnolia grandiflora

PRIVET, Weeping — See *Ligustrum sinensis*

VIBURNUM burkwoodi **Burkwood's Viburnum**

Often called "Evergreen Carlesii." The glossy green leaves hold on most of the Winter, but fall as Spring approaches. Clusters of very fragrant, pink-tinged, white blossoms. Hardy.

12-18" Bare Root90	.75
18-24" B & B	2.25	2.00
24-30" B & B	2.75	2.50
30-36" B & B	3.25	—

CONIFERS

BIOTA—See *Thuja orientalis*

CEDRUS deodara

Deodar C.

Evergreen tree with wide-spreading branches. Beautiful blue-green foliage with stiff needle-like clustered leaves.

	Each Per 10	Each Per 100
18-24" B & B	\$1.75	\$1.50
2- 3' B & B	2.50	2.25
3- 4' B & B	3.25	3.00

JUNIPERUS chinensis armstrongi **Armstrong
Juniper**

The most outstanding and semi-erect conifer with a symmetrical birdnest-like habit of growth. Slower grower than Pfitzer with bright green foliage.

12-15" B & B	1.75	1.50
15-18" B & B	2.25	2.00
18-24" B & B	2.50	2.25

Block of Pfitzer Juniper

CONIFERS—Continued

JUNIPERUS chinensis pfitzeriana **Pfitzer Juniper**

The most popular of the spreading Junipers. Beautiful gray-green foliage. Will grow in almost any location.

	Each Per 10	Each Per 100
15-18" B & B	\$1.75	\$1.50
18-24" B & B	2.25	2.00
24-30" B & B	2.75	2.50
30-36" B & B	3.00	2.75

communis ashfordi **Ashford's Juniper**

Vase shape grower, blue-green foliage.

3- 4' B & B	2.00	—
-------------------	------	---

communis hibernica **Irish Juniper**

Slender columnar form, blue-green foilage.

3- 4' B & B	2.00	—
-------------------	------	---

excelsa stricta **Spiny Greek Juniper**

Compact symmetrical cone-shaped Juniper. Gray-green foliage.

12-15" B & B	1.50	1.25
--------------------	------	------

horizontal plumosa **Andorra's Purple Spreading Juniper**

A low prostrate juniper whose branches and tips cling to the ground. The foliage turns a beautiful purple after frost.

15-18" B & B	1.50	1.25
18-24" B & B	2.00	1.75

THUJA orientalis (Biota)—aurea nana
Berckmann's Golden Arborvitae

Compact, symmetrical, dwarf grower. Golden yellow foliage. One of the most popular Biotas.

12-15" B & B	1.25	1.00
15-18" B & B	1.50	1.25

orientalis (Biota)—bonita upright
Upright Bonita

Same foliage as bonita with an upright habit of growth.

2- 3' B & B	1.75	1.50
3- 3½' B & B	2.25	2.00

All of our B & B stock is hand sewed

A NEW AND
DISTINCTIVE
RED-FLOWERING
DOGWOOD

Once IN A GREAT WHILE,

the wonderful workings of nature produce a truly outstanding plant possessing the good traits of its parents and further endowed with beauty and merit far beyond that of its predecessors. Such a plant is "CHEROKEE CHIEF"—a truly red—Red-Flowering Dogwood (*Cornus Florida Rubra*) with excellent growth and outstanding foliage characteristics.

• NEW • DIFFERENT • OUTSTANDING

▼ BLOOMS A BEAUTIFUL DEEP RED

A clean rich ruby red that holds up throughout blooming period

▼ NEW GROWTH A BRIGHT RED

In spring and early summer the new growth is a bright red, much deeper than ordinary, reflecting the deeper color of the blossoms. Fall coloring is bright scarlet shading to green.

▼ EXCELLENT GROWER

A strong clean grower with dominant leader and uniform branching habits.

Flowering Dogwood

has long been known for its great beauty and has become a much planted tree by individuals, cities, civic groups, etc. Cultivated in America since 1731, it is now used from Michigan to Florida and Long Island to California.

Colorful blooms before leaves appear in spring, luxuriant green foliage all summer turning bright scarlet in fall, bright red berries in fall and early winter, plus an interesting branching habit makes the flowering dogwood one of America's most handsome trees with a special interest for every season of the year.

The new "CHEROKEE CHIEF" gives you all the above plus the deeper color of its blooms and foliage and its excellent growth characteristics. For the first time a truly outstanding—really red—Red-Flowering Dogwood.

CHEROKEE CHIEF

Here's the Signal!

TO BOOST YOUR SALES

Cash in on "CHEROKEE CHIEF"
by presenting this outstanding new Red-
Flowering Dogwood to YOUR buying public.

PLACE Your order early to assure your supply of this
wonderful new plant.

DOGWOOD

Planting Instructions

Do Not Bury! Plant ME shallow.

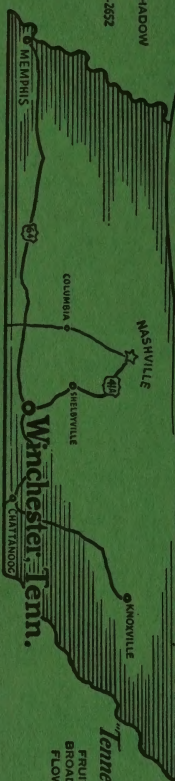

Never plant a dogwood deeper than it stood in the nursery row.

1. If barerooted, dig hole large enough to accommodate roots without crowding and deep enough to set tree same depth it grew in nursery row. Bruised or broken roots, or stems, should be cut off clean.
2. Fill hole half full of good rich soil, using no fertilizer. Spread the roots and cover with loose top soil, working soil well underneath to prevent leaving air spaces.
3. Finish filling hole and tamp soil firmly. Water well.
4. If B&B, dig a hole a foot larger and 6 inches deeper than ball of earth. Set tree same depth it grew in the nursery row, using top soil for back fill. Tamp soil firmly. Water well.
5. Mulch with 2 inches of barnyard manure, peat moss, leafmold or well rotted sawdust.
6. Wrap trunk with paper or burlap from ground to lower limbs to prevent sun scald.
7. Water thoroughly once a week. Do Not sprinkle—SOAK!
